DIVE KIRITIMATI

With

THE VILLAGES HOTEL DIVE CENTER

ABOUT KIRITIMATI CHRISTMAS ISLAND

Kiritimati also known as Christmas Island is the world's largest coral atoll, got its name from its discovery by Capt. James Cook on Christmas Eve in 1777. Christmas became Kiritimati (pronounced roughly "ki-ris-mass") in the local Gilbertese language. Kiritimati has miles of golden and white sand beaches, numerous wildlife sanctuaries, beautiful crystal-clear turquoise lagoon, amazing marine life, extensive coral reefs, as well as eternal sunshine are what makes Kiritimati a true tropical paradise.

Diving in Kiritimati Island

Kiritimati Island is surrounded by a narrow tropical reef which plunges into a bottomless abyss. This makes it the perfect destination for scuba diving trips! This reef is laced with many unspoiled corals and abundant species of marine life. The northern coast in particular boasts some of the most unspoiled corals in the world such as Acropora and plate corals which play host to a wide variety of small tropical species such as surgeon fish, wrasse, butterfly fish, gobies, anemones, Dragon Moray, Flame Angelfish, Mantas, and Eagle Rays, Spinner Dolphins, turtles and fabulously colored corals and many others which are a photographers delight. You could be graced with the presence of the majestic whale shark. An encounter with one of these gentle giants who often visit any time between November and April is an experience on your scuba diving trip that you don't want to miss!! Wreck diving is at the Bay Wrecks where can explore ship wrecks.

The Villages Hotel Dive Center Information

Dive Season: Year around.

Dive Gears: Wet suit, Mask & Snorkel, Fins, Regulator, BCD, Weight belt and Scuba tanks. Your most welcome to bring in your own gear.

Dive Boats: Outrigger boat with a 60hp board or Speedboat with a 150hp.

Dive Sites and Highlights: Kiritimati has about 25 dive sites as shown below. Dive highlights include coral reef diving with a high possibility to encounter sharks, whales, dolphins, giant manta-rays, turtles, dragon eels and other unique fish species; Exploring the underwater cave and exploring ship wrecks.

Visibility: Typically ranges from 20 to 150 feet (6-45M) depending upon tidal flows.

Water Temperature: 82F (28C) year around.

Weather: Tropical marine, hot and humid moderated by trade winds.

YOUR DIVE ACCOMMODATION

The Villages Hotel was established in 2006 and to support the nearby community of Tabwakea and the KPC church. The staff takes great pride in their work because they know they are part of something that benefits their family and friends, schools and the local community.

The rooms are double occupancy, each with their own private bath and shower, air-conditioning, mini-fridge. Daily maid and laundry service are available. There is a main dining room, but many of the meals are served outdoors under the thatched maneaba, "meeting place." The meals are well-prepared and are a basic selection of fresh-caught fish, seafood, chicken, beef and pork dishes with lunches and dinner served in buffet style. On dive outings packed lunches can be arranged. On a couple of the nights you will be entertained by local musicians and dancers during and after your evening meal.
